

A Pharmaceutical Seminar for Industry, Academics and Students

Validation From Drug Substance to Drug Product

Regulatory bodies are demanding more of sponsors in their understanding and evaluation of molecules destined for human trials. This is true from drug substance through to drug product. Come and hear speakers discuss validation - from characterisation of the drug substance to small molecule phase I and large molecule phase III drug products.

SPEAKERS :

Dr Stephen Davies PhD (*Team Leader Chemical Reference Materials, Chemical & Biological Metrology Branch, National Measurement Institute*)

Stephen joined the National Measurement Institute, formerly known as the Australian Government Analytical Laboratory (AGAL) in 2005 as a synthesis chemist. He was soon promoted to team leader of the Chemical Reference Materials team and currently manages a team of 11 scientists with particular focus in the areas of forensics and sports doping control.

Dr Dharam Paul PhD (*Director of Chemistry, Bionomics*)

Dharam joined Iliad Chemicals in 2005 as a Research Scientist and after its acquisition by Bionomics Limited, continued to work on a number of medicinal chemistry programs within the company. Presently, he is a Director of Chemistry at Bionomics, leading chemistry in CNS programs and managing CMC activities.

Dr Andrew Robertson PhD (*Manager, Analytical Development Hospira Adelaide*)

Andrew joined Hospira in 2007 where he currently leads the bioanalytical group which specialises not only in method development and validation but also process characterisation and CMC support for a number of Hospira and third party programs. He has over 20 years experience in biologics and biopharmaceuticals development with a focus on analytical method development and validation to support drug substance and drug product manufacture.

Validation – From Drug Substance to Drug Product

EVENT DETAILS:

Date:

Friday 19 April, 2013

Time:

3:00pm – 6:00pm
(drinks & finger food provided)

Venue:

PM-06, Playford
Building
Gate 3, Frome Road, Adelaide
(See Building 'P' on map below)

Cost: (incl. 10% GST)

RACI Members	\$15.00
RACI Student Members	\$5.00
Student Non Members	\$15.00
Non Members	\$30.00

RSVP: Register by COB April 15, 2013 by completing attached form

Be in the running for an early bird prize by registering no later than COB April 9

SEMINAR THEATRE:

Room PM-06 is between the second and third floors of the Playford building, and is accessed from the third floor southern stair well,

PARKING:

Parking will be available in the public car park at the rear of IMVS, via the access road with traffic lights between IMVS and the Dental School.

EVENT FORMAT:

The event format will include presentations from our 3 speakers followed by a networking mixer to be held in the Aroma Café adjacent to the lecture theatre.

Validation – From Drug Substance to Drug Product

3:00 - 6pm, Friday 19 April, 2013

PM-06 Playford Building, UniSA, Frome Road, Adelaide

Registration by Credit Card Payment (Seminar and mixer included)

Cost: (incl. 10% GST)
