

# The Art of Chemistry

## Periodic Table on Show!

Bringing the single most important chemical resource to the public by exhibiting artists interpretations of the 112 Periodic Table Elements

- The artists involved have a range of experience from career printmakers to final year art students
- Unique and engaging this exhibition has been developed to bring art, science and history together
- An online educational resource for students and teachers will be available as a result of the exhibition
- 3 complete original Periodic Tables available for touring Australia and New Zealand

### Exhibition A

1-4 August - University of Tasmania, School of Chemistry, TAS  
15 August - 9 September - Imaginarium Science Centre, Devonport, TAS  
13 September - 21 October - Nelson Provincial Museum, NZ  
24 October - 21 November - Te Manawa, North Palmerston, NZ

### Exhibition B

1-29 August - Science Works Museum, VIC  
1-30 September - Discovery, Bendigo, VIC  
4-31 October - Questacon, ACT  
3 November - 2 December - Wollongong Science Centre, NSW  
5 December - 5 January - Australian Museum, Sydney, NSW (TBC)

### Exhibition C

1-29 August - South Australian Museum, Adelaide, SA  
1-30 September - Western Australian Museum, Albany, WA  
4-31 October - Scitech, Perth, WA  
3 November - 2 December - Western Australian Museum, Geraldton, WA

**PROJECT LAUNCH**  
Thursday 4th August 2011  
School of Chemistry  
UTAS, Sandy Bay Campus
