

SA Branch – The Bob Morton Centenary of Federation Teaching Award in Chemistry

The RACI has established a series of annual awards for the recognition and reward of outstanding excellence in the teaching of Chemistry in Australia at both primary and secondary school levels.

The award process is two tiered with the branches offering a Primary and Secondary teaching Award on the basis of one each per state annually, with applicants in the Northern Territory being considered with South Australia.

The Branch may refer exceptional awardees to the Board for national consideration. The Board may select one primary and one secondary national award winner from the candidates submitted by the Branch.

Candidates whose teaching is only partly chemical and teachers of general science (with some chemistry) are also encouraged to apply. All applicants must be RACI members (MRACI and upwards) for a minimum of 1 year (paid up to 30 June 2021 on receipt of application/nomination).

Candidates who apply or are nominated are required to supply:

1. Contact details - email and telephone.
2. A brief CV focusing on those aspects which will support your application/nomination.
3. A statement (1-2 pages) of your overall approach to teaching and learning.
4. Information/examples from your practice which illustrate and support your approach.
5. Names, email and telephone numbers of no more than four referees.

No award will be made if, in the opinion of the Branch committee, no suitable candidate applies or is nominated.

No national award will be made if, in the opinion of the Board, no suitable candidate is put forward by the Branch committee.

Applications/Nominations open 1 April and close 11 June 2021. Please email in single PDF format to [SA Branch](#)

Branch must forward national nominations to awards@raci.org.au no later than mid July.

The decision of the judges at the state/territory level will be subject to the approval of the relevant RACI Branch Committee.

The decision of the judges at the national level will be subject to the approval of the Board. Any decision is final and no discussions or correspondence will be entered into.
