Chemical Education Division Citations

Nominations for the Division Citation must not exceed 2 pages, and should include the following information:

- Name
- Curriculum vitae
- A general statement describing the nominee’s significant contribution to chemical education in Australia
- Details of publications and/or other supporting material.

The sub-committee shall consider applications on the basis of some or all of the following:

- Contribution to Australian chemical education through teaching.
- Personal contribution in the production of teaching aids, e.g. books, visual aids, innovative teaching apparatus, computer techniques.
- Contributions to the popularisation of the teaching of chemistry in the general community.
- The development of curricula for special groups of students, e.g. less able students or academically bright students.
- Service to the Division of Chemical Education of the Royal Australian Chemical Institute.
